NORTH WEST PROVINCE / SOUTH AFRICA

JOHANNESBURG / SOUTH AFRICA

Values:

Liptha construction service to live by its core values of:

- People
- Excellence
- Transformation
- Customer Focus
- Innovation
- Integrity
- Performance

HEALTH SAFETY POLICY

Health and safety are two of our Company's most important legal and moral responsibilities. It is regarded, beside competent personnel and quality management, as an essential foundation for successful business and social operations.

Health and safety are recognized, implemented and maintained from a legal, humanitarian and economic perspective. We believe that a superior safety approach is indicative of assertiveness and responsiveness to employee needs and policy procedures. As a result, higher morale and loyalty are reached amongst employees, cultivating enhanced productivity, which again fuels profitability.

Therefore, we strive to safeguard our employees and the general public, so far as reasonably practical, from injury, annoyance or risk during all company operations and – activities. The outcome is worth the effort, as it maintains our constancy and vision as top achievers in the construction and development environment. In essence then, sustainability has been reached.

ENVIRONMENTAL MANAGEMENT POLICY

LIPTHA Construction believes that a protected environment holds a future for all and is thus committed to maintaining a clean environment and support the environmental program. This creates the ability to operate in a disciplined and sustainable manner over the long term and is fundamental to maintaining a competitive advantage.

Our company policy is that the fulfilling of its legal and statutory responsibilities represents the minimum level of achievement in respect of environmental control. Management and employees of LIPTHA Construction therefore, commit themselves to actively participate in the environmental control plan.

Objectives:

- . To completely comply with all legal and statutory requirements.
- . To observe all environmental provisions regularly.
- . Take responsible care of the environment.
- . Do nothing liable to cause damage to the environment.

SITE OFFICE and STORAGE

Foreman / supervisor File

Each of our site runs a Foremen file contributing to our Safety Management system which contains the following documentations:

Customer feedback form
Daily foreman inspection
High wall inspections
Job safety analysis / mini risk assessments
Incident forms Mid shift communications
Weekly / Monthly PPE inspections
Planned task observations
Risk conversant training
Safety / Toolbox talks

This provides an organized system that helps to prevent incidents and accidents from occurring. We run this system not only to comply to the construction Health and Safety Act, but because we feel obligated to give our workers a safe and health environment to work in, and the legal compliance of safety documentation assist us to reach that goal.

CONSTRUCTION PACK

We at LIPTHA Construction create our own contractors pack to suite our clients needs. We have all our own legal documentation including procedures and Risk assessments necessary in our scope of work.
